Bluefield | Solar Income Fund

INTRODUCTION

Bluefield Solar Income Fund Limited ("BSIF" or the "Company") is a sector specialist infrastructure fund focused on the acquisition and optimisation of UK based solar photovoltaic ("PV") energy assets.

The Company was listed on the LSE on 12 July 2013 and now has a market capitalisation of £286m as at 30 September 2015.

The Board comprises four experienced independent directors (the "Directors", see left), receiving arms-length investment advice from Bluefield Partners LLP ("Bluefield" or the "Investment Adviser", see page 3 for details).

FINANCIAL AND OPERATIONAL HIGHLIGHTS

As of 30 September 2015, the Company has 23 solar PV projects spread across England and Wales. Total portfolio capacity increased by c.11 megawatts peak ("MWp") to a total 264 MWp in the period.

During the period, the Company completed the acquisition of two sub-5MWp projects: Salhouse and Trethosa. Both assets are expected to be connected to the grid by October 2015 and qualify for feed-in-tariff ("FiT") or 1.3 renewables obligation certificate ("ROC") banding. The Company also completed acquisition of two industrial situated portfolios: Peregrine and Kite. These plants were each built and commissioned before the end of Q2 2012.

The third interim dividend of 1.5p per Ordinary Share ("POS") in respect of the financial year ("FY") ending 30 June 2015 was paid in August 2015. The Directors announced during the period a fourth interim dividend of 1.5p POS in respect of the FY ending 30 June 2015, to be paid 30 October 2015.

The Company is on target to deliver a 7.07p POS dividend for the FY ending 30 June 2016 (7p POS target in FY 2015, 7.25p POS dividend).

INVESTMENT OBJECTIVES

The Company seeks to provide shareholders with an attractive return, principally in the form of quarterly income distributions, by investing in a portfolio of large scale UK-based solar energy infrastructure assets.

COMPANY OUTLOOK

The Company and its Board have set a target to deliver long-term, stable dividends growing in-line with RPI.

The Directors believe that attractively priced acquisitions and strong contractual protections will allow the Company to achieve the target return of 7p POS annually, rising with RPI.

Subject to maintaining prudential level of reserves, the Directors intend to distribute cash generated in order to optimise shareholders' returns and that the Company will achieve its target returns without recourse to reinvestment of spare cash flows.

INVESTMENT POLICY AND STRATEGY SUMMARY

The Company invests in a diversified portfolio of solar PV energy assets, each located within the UK, with a focus on utility scale assets and portfolios on greenfield, industrial and/or commercial sites. The Company targets long life solar energy infrastructure investments, expected to generate stable renewable energy output over a 25 year asset life.

No single investment in a solar energy infrastructure asset (excluding any third party funding or debt financing in such asset) will represent, on acquisition, more than 25 per cent. of the prevailing net asset value ("NAV").

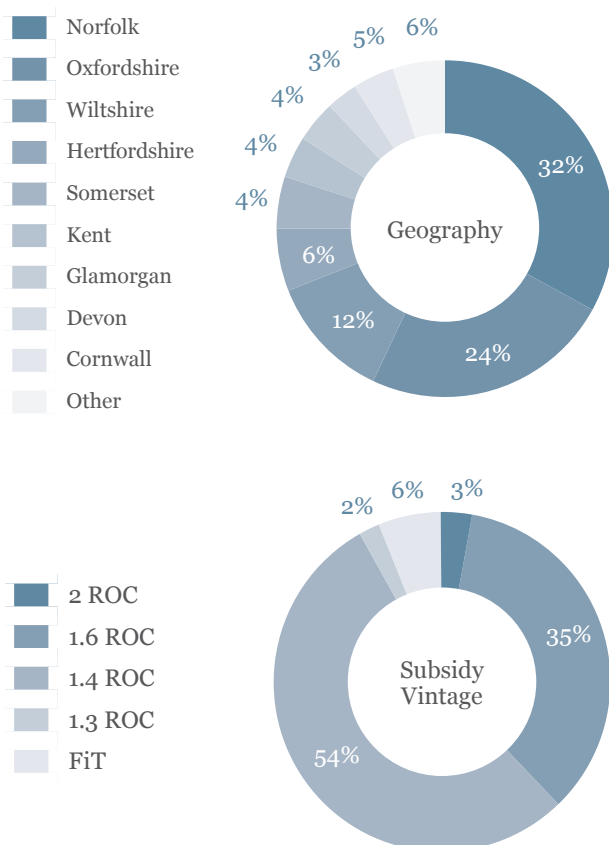

Total non-recourse financing within the portfolio will not exceed 50 per cent. of the prevailing gross asset value ("GAV"). Short term debt to facilitate the acquisition of investments (when taken together with the project finance noted above) will also be limited so as not to exceed 50 per cent. of GAV.

Please see the Company's website for the full investment policy.

Bluefield was established in 2009 and is an investment adviser to companies and funds investing in solar energy infrastructure. It has a proven record in the selection, acquisition and supervision of large scale energy and infrastructure assets in the UK and Europe.

The Bluefield team has been involved in over £1.1 billion of solar PV funds and/or transactions in both the UK and Europe since 2008, including £380m in the UK since 2011.

Bluefield has led the acquisitions, and currently advises on over 50 UK based solar assets that are agriculturally, commercially or industrially situated. Based in its London office, Bluefield's partners are supported by a dedicated and highly experienced team of investment, legal and portfolio executives.

DISCLAIMER

This document, which has been prepared by, and is the sole responsibility of, the Directors of Bluefield Solar Income Fund Limited (the "Company"), has been approved for the purposes of Section 21 of the Financial Services and Markets Act 2000 by Bluefield Partners LLP, which is authorised and regulated by the Financial Conduct Authority.

This document has not been verified and is not and should not be construed as an offer to sell or the solicitation of an offer to purchase or subscribe for any investment, is intended for information purposes only and does not constitute investment advice. This document is not for publication or distribution, directly or indirectly, in or into the United States (including its territories and possessions, any state of the United States and the District of Columbia), Australia, Canada, Japan, New Zealand, South Africa, or any Member State of the EEA (other than the United Kingdom). The distribution of this announcement may be restricted by law in certain jurisdictions and persons into whose possession any document or other information referred to herein comes should inform themselves about and observe any such restriction. Any failure to comply with these restrictions may constitute a violation of the securities laws of any such jurisdiction.

It is important to remember that past performance is not a guide to future performance. The value of any investment or the income deriving from them may go down as well as up and you may not get back the full amount invested. Furthermore, the target dividend referred to in this announcement is a target only and not a profit forecast. There can be no assurance that these targets can or will be met and it should not be seen as an indication of the Company's expected or actual results or returns.
